

Walker Bag Instructions — provided by Joanne Woodfill

This simple walker bag is quick to make and much appreciated by the recipients of your generosity.

Here's what you'll need to make the bag:

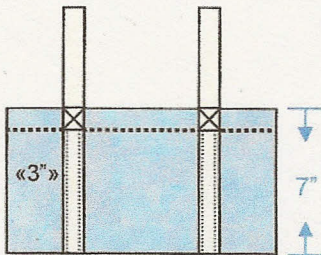

- Small amounts of fabric cut to the dimensions listed under "cutting fabric"
- 2 yards of webbing for attaching the bag to the walker
- About 4" inches of Velcro for making the webbing straps adjustable
- Small piece of ribbon or cording (for key chain)

Cutting Fabric

- Cut 2 pieces 12 1/2" x 14 1/2" (these are for the **front and back of the bag**).
- Cut 1 piece 8 3/4" x 14 1/2" (this piece is for the **pocket**)

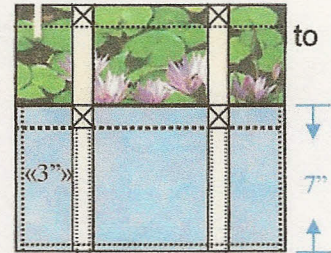

Making the Pocket

1. Fold over 1/4" along the top edge.
2. Turn under again 1" and sew hem in place.
3. Pin 12 1/2" lengths of webbing down the front of the pocket with outer edges of the webbing 3" from side raw edges.
4. Sew webbing from bottom raw edge to turned hem (*see illustration below*).

Tote Front

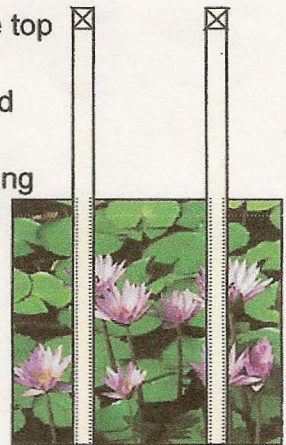

1. Fold over 1/4" along the top edge.
2. For keychain, fold ribbon/cording in half and baste folded ribbon/cording to turned edge 1 1/2" from either side raw edge.
3. Fold over again 1 1/4" and sew in place.
4. Baste sides and bottom of pocket tote front (*see illustration*).

5. Turn webbing over hem at tote top and **sew to hemmed area only**.
6. Sew 1" Velcro (soft side) to each turned area of web.

Tote Back

1. Turn under 1/4" along the top edge.
2. Fold over again 1 1/4" and sew in place.
3. Pin 23" lengths of webbing 3" from side raw edges (*see illustration*).
4. Sew 1" Velcro (rough side) to each of the outer ends of webbing straps.

Finishing

With right sides together, sew tote front to back. Turn right side out and press.
